### Alabama Student Assistance Plan

Alabama legislation requires LEA's in Alabama to submit an at-risk plan to the State Superintendent of Education. Legislation pertaining to students at risk reads as follows:

It is the intent of Alabama Legislature that school's and school systems involve the Community in planning and implementing at-risk programs. Therefore, schools shall expend at least 20% of the at-risk funds to partner with non-profit community organizations in planning and implementing at-risk programs, which directly assist in improving academic performance. Such programs may include, but not be limited to, Boys and Girls Clubs, YMCAs, 21<sup>st</sup> Century Leadership, Pell City Bridge Builders, Alabama Young Farmers Education Program, and local civic and charitable organizations. It is the intent of the Legislature that these funds not be utilized to partner with governmental nor quasi-governmental agencies and entities whose functions already indulge programs designated for at-risk funding. In appropriate situations, businesses may partner with schools or school systems for at-risk programs but may not receive any compensation or reimbursement for expenses or other costs.

The Boaz City School System would like to offer your organization the opportunity to participate in providing effective programming for our students at risk of school failure. To receive copies of the at-risk Alabama legislation and application(s) for your consideration and response, please contact Jeana Ross at Boaz City School System. Applications must be submitted by September 5, 2008. Please submit a completed application for each program offered.

If you have questions, you may contact Jeana Ross at 256-593-8180. Our school system is looking forward to the opportunity to collaborate with you as we continue to serve our community's students who are at risk of school.
